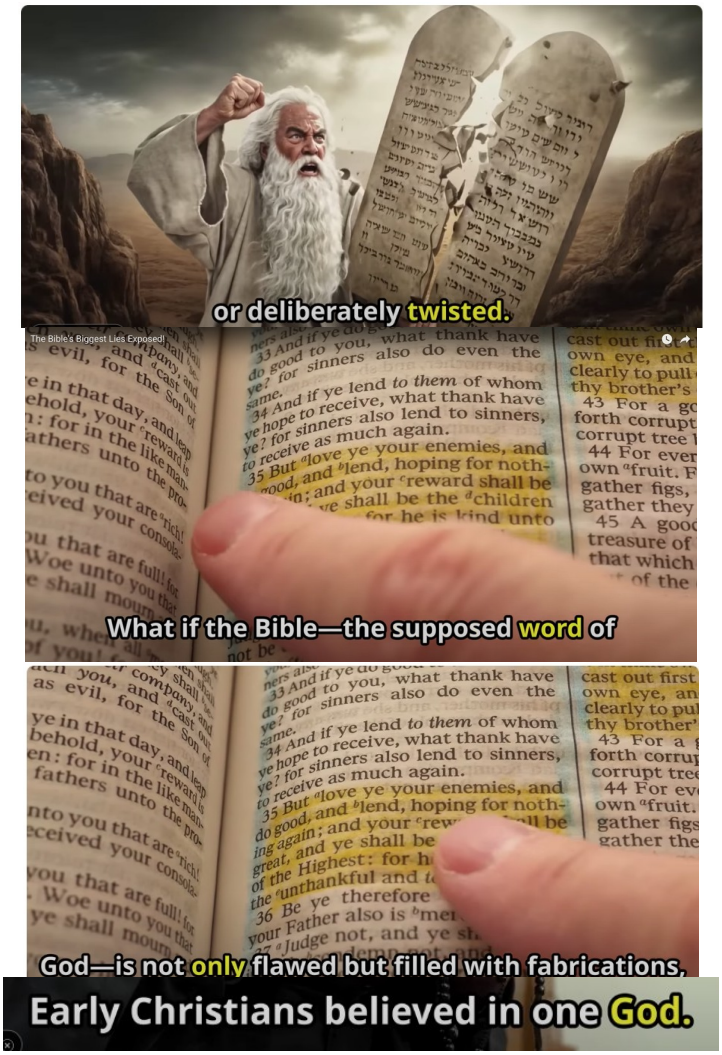
BIBLE FABRICATIONS AND LIES
WHY SHOULD WE CARE ABOUT BIBLICAL FABRICATED LIES



or deliberately twisted.
The Bible's Biggest Lies Exposed!
What if the Bible—the supposed word of
God—is not only flawed but filled with fabrications.
Early Christians believed in one God.

BECAUSE AS JESUS SAID knowing "THE TRUTH WILL SET YOU FREE. KNOWING THE TRUTH WILL SAVE YOU." Our sad reality today is that we know politics is corrupt but we do not realize that the Bible and religions around the world are riddled with misinformation disinformation and lies. **The original Christian movement has been lost over time, hidden and rewritten by the Jewish and Roman Orthodox Catholic and Christian Church (JROCCC)** to secretly promote pagan, satanic agenda's presented to us as the INFALLIBLE WORD OF GOD.

The Bible's Biggest Lies Exposed!

https://www.youtube.com/watch?v=ynOiFxuMRgM

We must care because those lies and the controllers of the JROCCC factors into all of our lives whether we know it or not. We are victims of a movement that controls the world we live in from behind closed doors. The JROCCC is a faked religious movement that was created to be the ARM OF THE ROMAN GOVERNMENT whose ideologies go back to the Far East, Babylon and Mesopotamia, which were early Nazi movements.

Nazism is and ancient government system that is alive and well todaoy. Religion and the governments of the world are filled with contradictions, fabrications and out right lies most people do not know because they DO NOT DO THEIR HOMEWORK. Instead, they GO WITH THE FLOW thinking that if they question Religion they will be ostracized as sinners.

Today history, geology, archeology and ancient myths are clearly showing us that what is in the Bible are FABRICATED LIES and TWISTED FACTS. Prophecies that were told to predict the future were written CENTURIES AFTER THE FACT NOT AHEAD OF TIME. Bible doctrines were WRITTEN BY MAN not GOD. The hidden truth behind religious ideologies is that the Bible texts were not created by My Heavenly Father, Jesus or his earlier Christian followers, but by MAN WITH THE INTENT TO CONTROL PEOPLE.

The Bible promotes BLOOD SACRIFICES for the atonement of sin with Jesus being the final BLOOD SACRIFICE to forgive our sins. From then we have been fooled into believing that Jesus died on the cross, yet, if you look at what we read about the Nazarenes and Jesus they did not kill or eat animals. Jesus threw the moneychangers out of the Jewish Temple who were selling livestock and birds to become blood sacrificed. The JROCCC always has ways to justify all

of the compromising and contradicting data in the Bible so that the SLEEPING SHEEPLE WILL REMAIN ASLEEP.

Original sin was a belief created by Agustin in 344 - 354 AD.

The Bible is not a story of ONE GOD it is a story of "the Elohim gods" in the Middle and Far East who claim to have created hybrid man such as the Adam and Eve cloned by Yahweh Ildabaoth the Demiurge YHWH in he Persian Gulf region. The biggest lie in the Bible to me next to the FALSE CRUCIFIXION OF JESUS is the fact that these ancient people WORSHIPPED ALIENS.

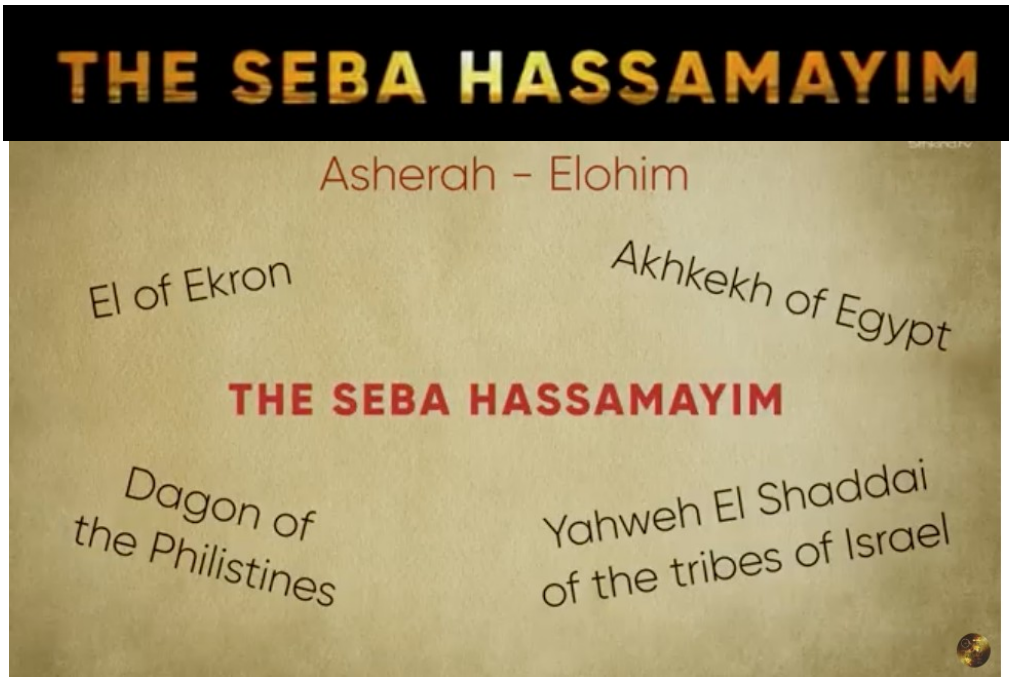
Faked Zionist and Communist Controlled News and JROCCC teachings and beliefs are only PARTLY TRUE. The Jewish Old Testament and the Bible in general use OUT OF CONTEXT stories that are for the most art fictional events created primarily by Jewish and pagan writers. To find the truth we need to DO OUR HOMEWORK.

When you study the original Jewish creation texts, what you learn is that the Jews/Hebrews (different groups) were speaking of the RECREATION of the earth after the last Pole Shift Younger Dryas Period 11.8000 years ago.

The Ice Age period was a period when the earth had changed drastically due to the cataclysmic events that caused the earth to shake and roll. Human beings that lived on earth before the Pole Shift lived in advanced cities some of which we have found today, that were destroyed for the most part during that period. Many are found way below the surface of the earth, in the Antarctic and under water.

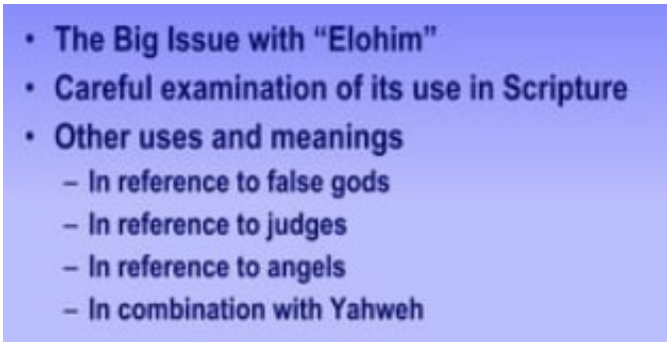
Few people survived that earlier period. When the Jews wrote the Old Testament creation stories it was a time when the earth was beginning anew with survival different people groups looking for a new start.

The Jews added their convoluted creation story to the Old Testament Hebrew stories that spoke of a beloved God and the alien Seba Hassamayim Elohim gods that came DOWN to RECREATE THE EARTH in the beginning of Genesis. They are TWO VERY DIFFERENT CREATION STORIES that were BLENDED TOGETHER.



They were Aliens

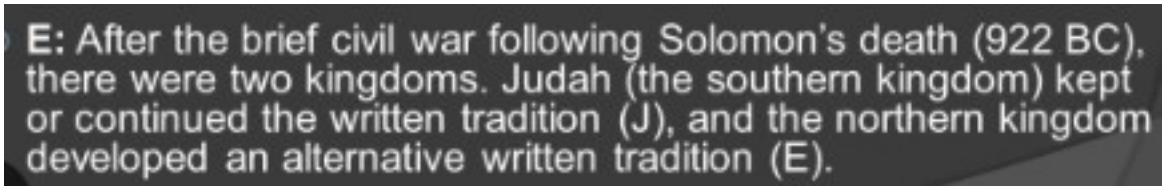
According to the International Raëlian Movement, the Hebrew word Elohim in the Book of Genesis refers to a species of extraterrestrial aliens. The movement claims that Elohim means "those who came from the sky".



• The Big Issue with "Elohim"
• Careful examination of its use in Scripture
• Other uses and meanings
– In reference to false gods
– In reference to judges
– In reference to angels
– In combination with Yahweh

False gods including Yahweh Ildabaoth the Demiurge the god of the Jews

The Jews took some real historical data and then blended it with their PUFFED UP FICTIONAL VERSION OF THE TRUTH. MOSES was a fictional story. The mass migration story over the Red Sea with Moses at the helm seems to have been a REINVENTED Jewish MYTH that was actually a reference to the REAL Hyksos migrated out of Egypt over the Sea of Reeds. The Jews fictionalize and embellished these stories to include and promote themselves, their ideologies and their Jewish alien god Yahweh Ildabaoth the Demiurge data.



E: After the brief civil war following Solomon's death (922 BC), there were two kingdoms. Judah (the southern kingdom) kept or continued the written tradition (J), and the northern kingdom developed an alternative written tradition (E).

It appears that the Deuteronomy Revisionists added that story to the Jewish Old Testament in order to remove all of the other gods the Northern Israelite Hebrews worship such as El Shaddai and the Elohim so they could add Yahweh Ildabaoth the Demiurge YHWH name to the story instead. The Hebrew Israelites disrespected and hated YHWH. Yahweh was a Jewish god not a Hebrew god that was written into the Jewish historical story later by the Jewish scribes and Deuteronomy revisionists.

Christians have a hard time explaining why the name of God El Shaddai in the Bible is translated with "God Almighty" following the Septuagint, when in fact we don't know what it means, except that the most likely translation should be " God of the Mountain". It sounds different.

WHO WERE THE ELOHIM GODS OF THE HEBREW RACE

El Shaddai is a name for God in the Bible that is sometimes associated with ancient aliens in the book The Chronicles of the Guardians:

El Shaddai in the Bible

In the Bible, El Shaddai was the name by which God was known to the founders of Israel, Abraham, Isaac, and Jacob. The word "shadad" means "to plunder, overpower, or make desolate," which could give Shaddai the meaning of "destroyer".

El Shaddai in The Chronicles of the Guardians

In the book The Chronicles of the Guardians, El Shaddai is associated with an alien base and a battle between those who want to reveal the truth and those who want to keep it a secret.

Ancient Aliens TV show

The History Channel show Ancient Aliens inserts extraterrestrials into the Bible, which some Christians say removes God's power and implies that God needed help from aliens.

These gods were NOT OUR HEAVENLY FATHER WHO JESUS YASHUA SPOKE OF

"ELOHIM: (rendered "God"). Plural form of the above [*Eloah*]; Deity in multitudinous manifestation. The word, though plural, is often used with a singular verb, indicating that though *the Elohim* may constitute a multitude, one Eternal spirit motivates them all. Thus revealing Diety in manifestation."

Names and Titles of the Deity
(Emphasis mine)

Territorial Region of Yahweh Ildabaoth the Demiurge worship

The Elohim alien gods came down to recreate what had been destroyed before the Pole Shift and to artificially create alien human hybrid man in THEIR IMAGE to manipulate for their personal agendas in Genesis Chapter 2.

Deuteronomy and Revisionist History

Posted on February 18, 2011 by Andrew Battista

During the early part of this coming week, we'll complete our reading of the Torah with Deuteronomy. At first, it might seem odd that the book of Deuteronomy repeats many of the laws already mentioned in other places during the Torah. This particularly creates a problem when certain laws, which allegedly come from God, differ slightly in wording. As biblical scholars have asserted, Deuteronomy is something like a "pious forgery," an act of historical revisionism *par excellance*. That is, the re-telling of the narrative and laws holds a specific political and social function for the people reading this text.

MANY DIFFERENT REVISIONS OF THE OLD TESTAMENT JEWISH AND HEBREW TEXTS WERE CREATED BY THESE ANCIENT DEUTORONOMY REVISIONISTS ETC, THAT WERE ALL LIES OR FABRICATED TRUTHS.

HERE ARE SOME EXAMPLES OF WHY WE CANNOT TRUST ANY OLD TESTAMENT DATA AND NEVER SHOULD HAVE.

First Jesus did not come to town until hundreds of years later after these ancient Jewish beliefs were being promoted in Israel
. He came to teach the NEW WINE. All Old Testament text are stories from people who preached the OLD WINE. Jesus said, "Do not put my NEW WINE into your OLD WINE SKINS" but the Jews and the JROCCC did anyway. Our Bibles are riddled with the OLD WINE.

Wellhausen proposed that the Pentateuch was composed from four main sources.

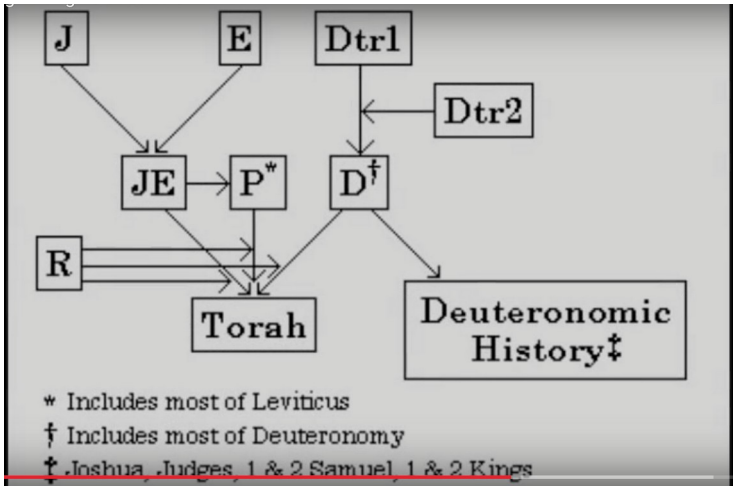
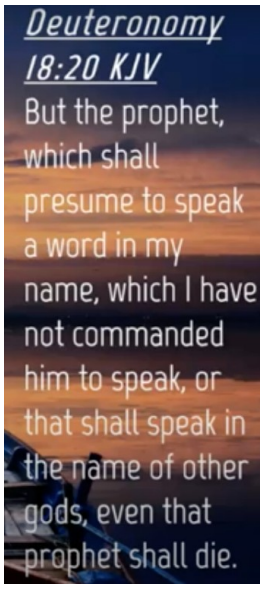
When was the story of Abraham written?

The Chaldeans lived around the sixth-to-fifth century B.C., when Jewish scribes first wrote down the oral tradition of Abraham's story as they put together the Hebrew Bible.

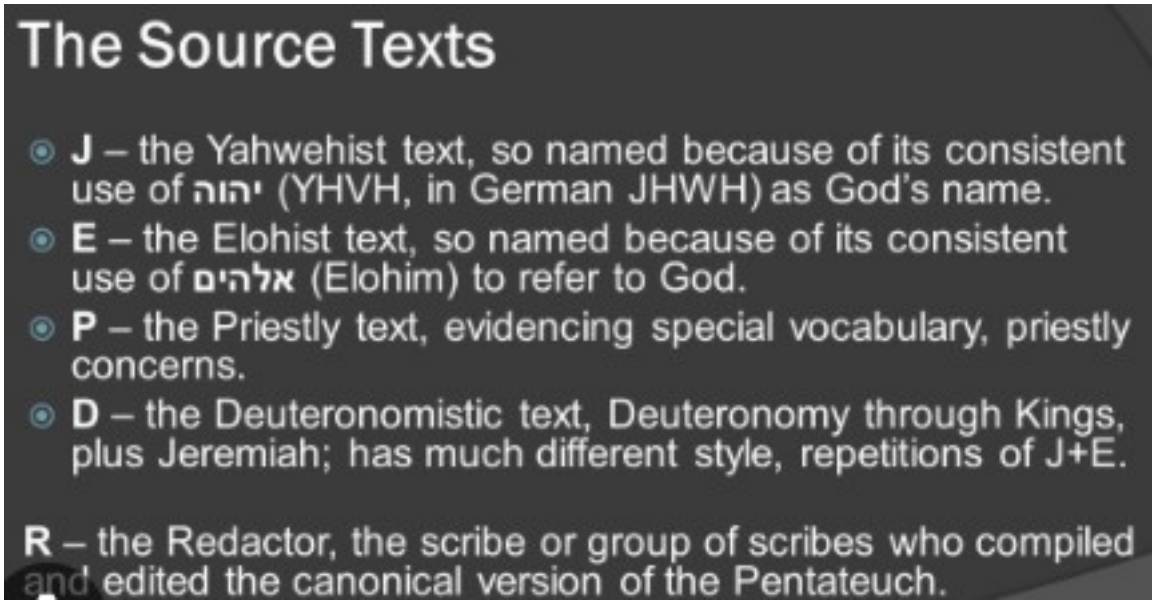
May 4, 2019



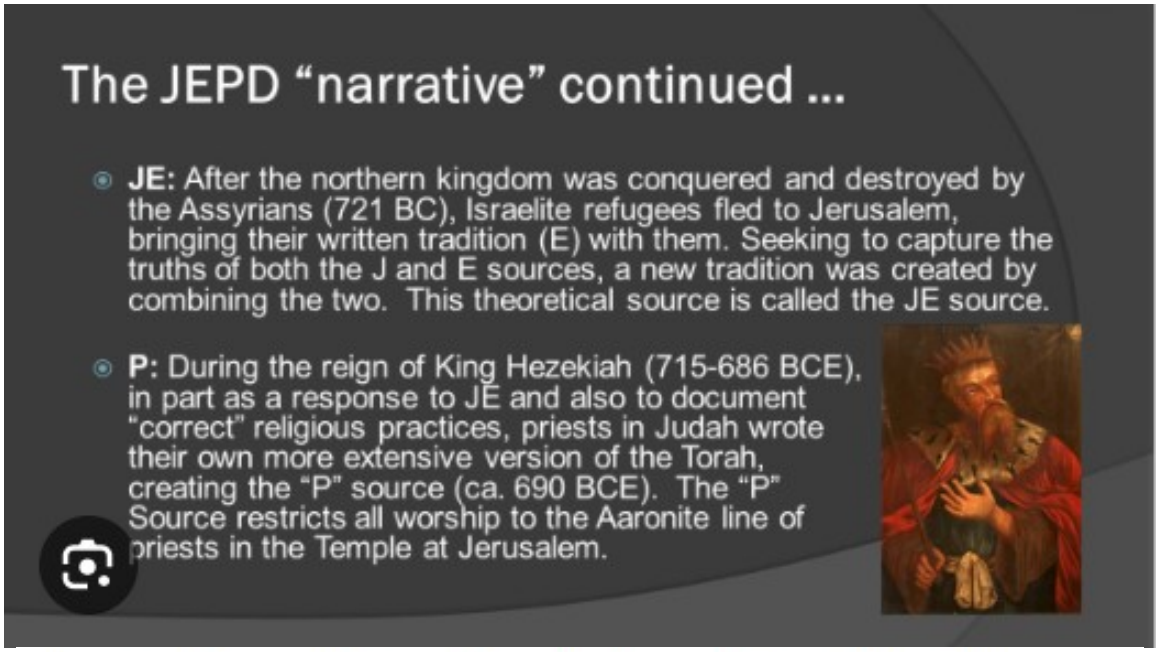


Deuteronomy 18:20 KJV
But the prophet, which shall presume to speak a word in my name, which I have not commanded him to speak, or that shall speak in the name of other gods, even that prophet shall die.

They worshipped Yahweh Ildabaoth the Demiurge



The Source Texts
J – the Yahwehist text, so named because of its consistent use of יהוה (YHVH, in German JHWH) as God's name.
E – the Elohist text, so named because of its consistent use of אלהים (Elohim) to refer to God.
P – the Priestly text, evidencing special vocabulary, priestly concerns.
D – the Deuteronomistic text, Deuteronomy through Kings, plus Jeremiah; has much different style, repetitions of J+E.
R – the Redactor, the scribe or group of scribes who compiled and edited the canonical version of the Pentateuch.



The JEPD "narrative" continued ...
JE: After the northern kingdom was conquered and destroyed by the Assyrians (721 BC), Israelite refugees fled to Jerusalem, bringing their written tradition (E) with them. Seeking to capture the truths of both the J and E sources, a new tradition was created by combining the two. This theoretical source is called the JE source.
P: During the reign of King Hezekiah (715-686 BCE), in part as a response to JE and also to document "correct" religious practices, priests in Judah wrote their own more extensive version of the Torah, creating the "P" source (ca. 690 BCE). The "P" Source restricts all worship to the Aaronite line of priests in the Temple at Jerusalem.

Based on the provided search results, "henos" refers to **Henotheism**, a religious concept, rather than a specific religion itself.

Henotheism is a religious philosophy that involves:

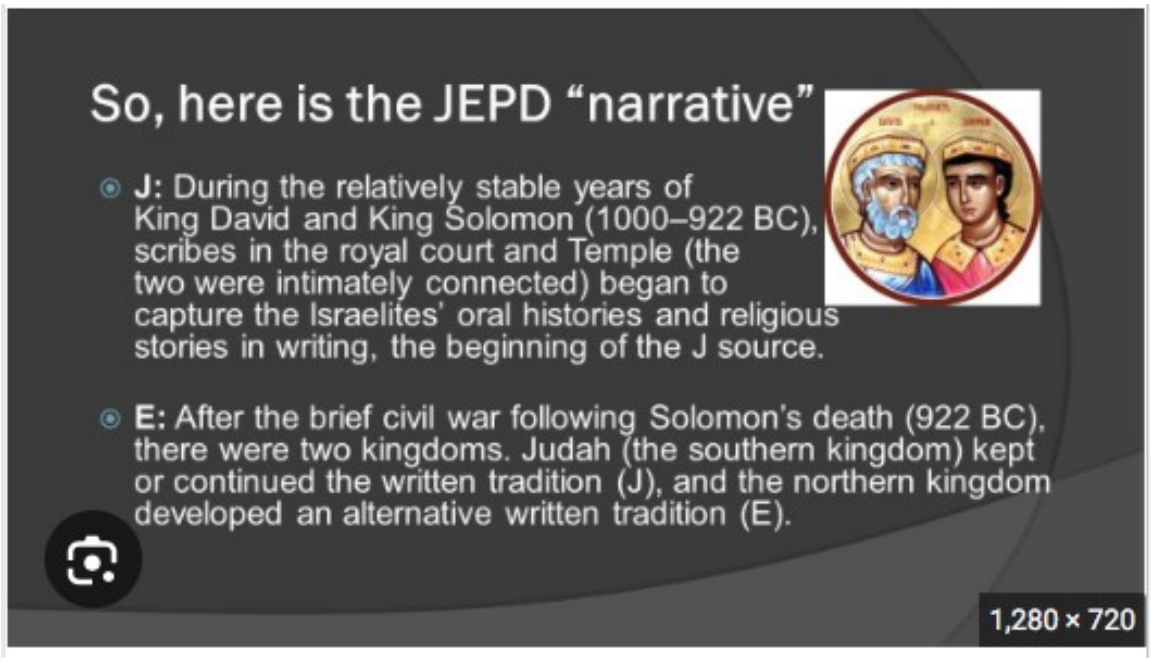
- Worship of a single, supreme deity.
- Acknowledging the existence and possible worship of other deities.

Keep in mind that these are all fabricated texts from writers who worshipped and Promoted the worship of Yahweh Ildabaoth the Demiurge aka YHWH who was one of many alien gods back then. Judiasm was not a monothistic religion is was a henothistic religion where the JEWS chose to worship one of many gods.

They preached and wrote their OLD WINE LONG BEFORE JESUS CAME TO TOWN TO TEACH HIS NEW WINE hundreds of years later.

As the data shows some of the Northern Israelites worshipping the Elohim gods joined those who worshipped Yahweh Ildabaoth the demiurge in Judah after most of the Northern Elohim worshipping tribes were taken to Medo Persia as captives.

The survivors or people who fled to Judah for safety duing the war combined their beliefs together which became known as the JE beliefs. The "P" (JEWISH PRIESTLY CAST) doctrins were also written hundreds of years before JESUS CAME TO TOWN.



So, here is the JEPD “narrative”
J: During the relatively stable years of King David and King Solomon (1000–922 BC), scribes in the royal court and Temple (the two were intimately connected) began to capture the Israelites’ oral histories and religious stories in writing, the beginning of the J source.
E: After the brief civil war following Solomon’s death (922 BC), there were two kingdoms. Judah (the southern kingdom) kept or continued the written tradition (J), and the northern kingdom developed an alternative written tradition (E).

J P DEFINED

Tuesday, August 15, 23

https://academic.kellogg.edu/marklinl/Bible/Readings/DocumentaryHypothesis.htm

The Pentateuch is a name that refers to the 1st five books of the Hebrew Bible. It is used interchangeably with Jewish Torah.

The Torah also refers to the1st five books of the Hebrew Bible- It is used interchangeaby with Pentateuch.

JEDP SOURCE THEORY

Literary analysis shows that the Pentateuch was not written by one person. Multiple strands of oral and written tradition were woven together to produce the Torah.

The view that is pervasive among most of the critical scholars of the Pentateuch is called the **Documentary Hypothesis**, or the **Graf-Wellhausen Hypothesis,** after the names of the very RECENT 19th-century scholars who put it in its classic form.

It is also called the **JEDP Source Theory,** and since **that is the most straight-forward name,** I will also use it here.

Briefly stated, the JEDP Source Theory states that the Jewish Old was written by a series of authors with various beliefs that wrote the 4 literary traditions. These traditions are known as J, E, D, and P.

J (the Jahwist or Jerusalem source) uses YHWH as god's name. This source's interests indicate the writer most likely lived in the southern Kingdom of Judah in the time of the divided Kingdom. The J source is responsible for most of Genesis.

E (the Elohist or Ephraimitic source) uses Elohim ("god") for the divine name until Exodus 3-6, where YHWH is revealed to Moses and to Israel (a heavely edited version of the Hyksos migration). There was not Jewish migration out of Egypt. If there was you find it in archeological and historical records because to this date it does not exist. This source seems to have lived in the northern Kingdom of Israel during the divided Kingdom. E wrote Genesis 22 (the sacrifice of Isaac) story and other parts of Genesis, and much of Exodus and Numbers. Hum, their was certainly records of the worship of many different alien gods back then that were blended together.

J and E were joined fairly early, apparently after the fall of the Northern Kingdom in 722 BCE. It is often difficult to separate J and E stories that have **merged.**

D (the Deuteronomist) wrote almost all of Deuteronomy (and probably also Joshua, Judges, Samuel, and Kings). This source would have lived in the southern Kingdom of Judah because the northern kingdom had been overrun and conquered by the Assyrians. Scholars often associate Deuteronomy with the book found by King Josiah in 622 BCE (see 2 Kings 22), but they believe that the time frame of the actual writing of the D material was written as early as Hezekiah's reform.

P (the Priestly source) provided the first chapter of Genesis; the book of Leviticus; and other sections with genealogical information, the priesthood, and worship. For a time frame of these writings, scholars view P as containing materials written prior to the Babylonian exile and during the exile, as well as having some materials written after the

exile. Therefore, this source would have lived in the southern Kingdom of Judah, in Babylon, and in Jerusalem after the Babylonian exile.

We can diagram the relationship of the four sources as follows.

Contemporary scholars agree that the general approach of the JEDP Source Theory best explains the doublets, contradictions, differences in terminology and theology, and the geographical and historical interests that we find in various parts of the Torah.

Here are some differences between the four strands of tradition.

J **Jahwist**	**E** **Elohist**	**P** **Priestly**	**D** **Deuteronomist**
emphasizes the importance of the **southern** Kingdom of **Judah**	emphasizes the importance of the **northern** Kingdom of **Israel**	emphasizes the importance of the **southern** Kingdom of **Judah**	emphasizes the importance of the **central shrine** which is the **Temple** in the city of **Jerusalem**, located in what had been the northern Kingdom of Israel
stresses the importance of **leadership in determining the fate of the Jewish people**	stresses the importance of **prophets** and **prophetic statements**	stresses the importance of **proper worship** and the **following of rituals and religious laws**	stresses the importance of **fidelity to Jerusalem** and to the **central shrine** in the **Temple**
speeches about God give God human qualities	refined speech about God	majestic speech about God	speech recalling God's work
God walks and talks with us	God speaks in dreams	Worship driven approach to God	moralistic approach
God is YHWH	God is Elohim (till Ex 3)	God is Elohim (till Ex 3)	God is YHWH
uses "Sinai"	Sinai is "Horeb"	has genealogies and lists	has long sermons

Below are some differences between the four strands of tradition.

Jesus Yashua and his Nazarene, Shoshu, Apiru, Naphtali, Galilean Tribes lived in Northern Israel hundreds of years later. They did not worship Yahweh Ildabaoth the Demiurge YHWH who Jesus spoke against. Many Northern Israelite tribes were pagans who worshipped the Elohim alien gods. How many changed their OLD WINE beliefs after the time of Jesus ENTERED THE PICTURE to share his NEW WINE is unknown to me.

THESE ALIEN GODS HAD DIFFERENT NAMES DEPENDING ON WHO WAS TALKING ABOUT THEM
